Utah Legal Services (ULS) is a nonprofit law office incorporated in 1976 committed to making equal justice a reality by providing free legal help in non-criminal cases to low-income Utahns. ULS serves the entire state with offices in Salt Lake City, Ogden, Provo and St. George. Specialized units also serve groups with special legal needs including migrant farm workers, American Indians and Senior Citizens. Utah has over 360,000 persons eligible for legal help from ULS. Many of these poor families live great distances from the Wasatch Front and are dependent upon the outreach programs of ULS.

It is painful to watch someone you love struggle with an addiction. If the loved one is an adult who is refusing treatment, there is often a sense of helplessness which only enhances the pain. Please call us and talk with one of our professionals who will provide concrete guidance tailored toward your specific situation and make suggestions for ways to convince your loved one to come to our clinic where we cannot only determine what type of treatment is necessary, but persuade him or her to follow through.
with the referral. Often an individual who initially is unwilling to go to treatment will agree to meet with
us because we are not a treatment program. Although there is a onetime fee, if we can meet face to
face with you or loved one, the guidance we provide will be ongoing to help you navigate the system of
substance abuse treatment as well as move forward through any barriers that may present.
