UTAH COUNTIES

Number of lab confirmed COVID-19 cases by County	
Bear River: 9,831	Southwest Utah: 11,479
Central Utah: 3,078	Summit County: 2,183
Davis County: 15,931	Tooele County: 2,834
Salt Lake Count: 78,530	Utah County: 47,632
San Juan County: 1,032	Wasatch County: 2,097
Southeast Utah: 1,301	Weber-Morgan: 12,681

Friendly Reminder: If you or anyone in your household have been exposed to someone who has tested positive for COVID-19, you need to self-isolate for at least 14 days from exposure before getting tested for COVID-19.

When to get tested: If you start to feel any of these symptoms, shortness of breath or difficulty breathing, cough, fever or chills, sore throat, new loss of taste or smell, muscle or body aches, stomach cramps, nausea or vomiting, diarrhea, fatigue, headache, congestion or runny nose.

What to do if you test positive: Stay Home, Quarantine for 10 days and mark on the calendar the day you started to show signs, symptoms, and day you tested positive. Keep a daily log of your temperature, symptoms, and overall health.

When to seek medical attention: When you experience trouble breathing, persistent pain or pressure in the chest, new confusion, inability to wake or stay awake, bluish lips or face. If you experience any of these symptoms seek immediate medical attention.

Ute Tribe Emergency Management encourages you to continue to wash and sanitize your hands frequently, practice social distancing (6 feet), wear mask in public where social distancing is difficult to maintain, those with compromised health should stay home as much as possible, and respect the travel ban in place for the health and safety of the UIT Elderly and Tribal Communities. We will continue to provide seniors 65 + with assistance and continue to spray elderly homes and units if needed. If you need more information you can contact Felecia Pike-Cuch (UIT Emergency Manager), at (435) 725-4891 or Emergency Management Secretary Melissa Cesspooch at (435) 725-4901.
